

Extremely casing-friendly and highly compatible.

Hardbanding is made to protect both the drill pipe and the casing around it. **150XT** is the most casing-friendly hardbanding alloy in existence. It boasts great compatibility characteristics and good durability as well, making it an important offering in Arnco's suite of hardbanding alloys.

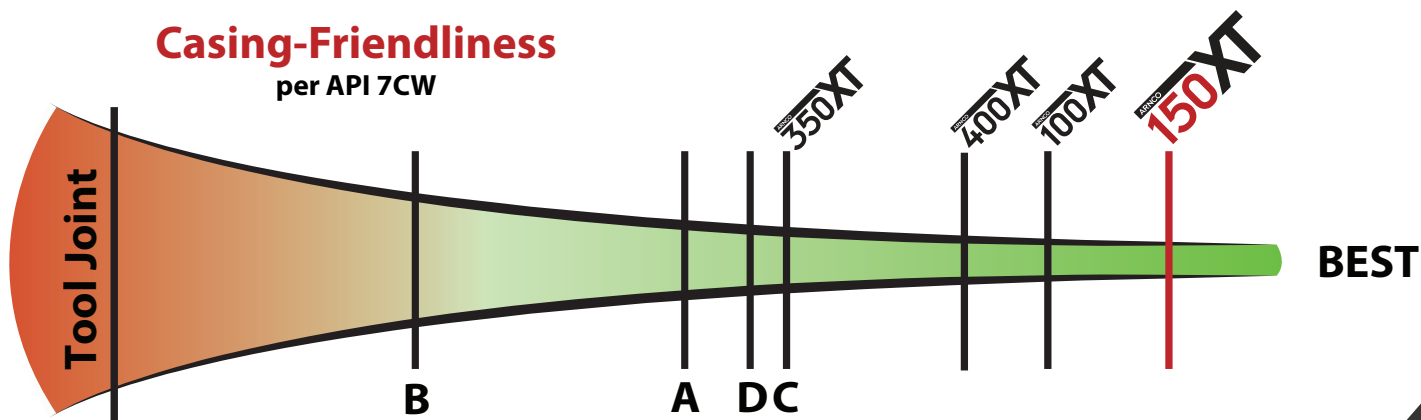

BEST IN CLASS: FRICTION REDUCTION

COMPATIBILITY	➤ 100XT	➤ TCS-Titanium	➤ OTW-13CF
	➤ 150XT	➤ TCS-8000	➤ BoTn1000
	➤ Duraband® NC	➤ Armacor® MStar	➤ BoTn3000
	➤ Tuffband® NC	➤ OTW-12Ti	
REVERSE COMPATIBILITY	➤ 150XT	➤ Guardian CF	
	➤ 350XT	➤ BoTn5000	

Wear-Resistance (Durability) per ASTM G65

Casing-Friendliness per API 7CW
