

## Widely compatible and long-lasting.

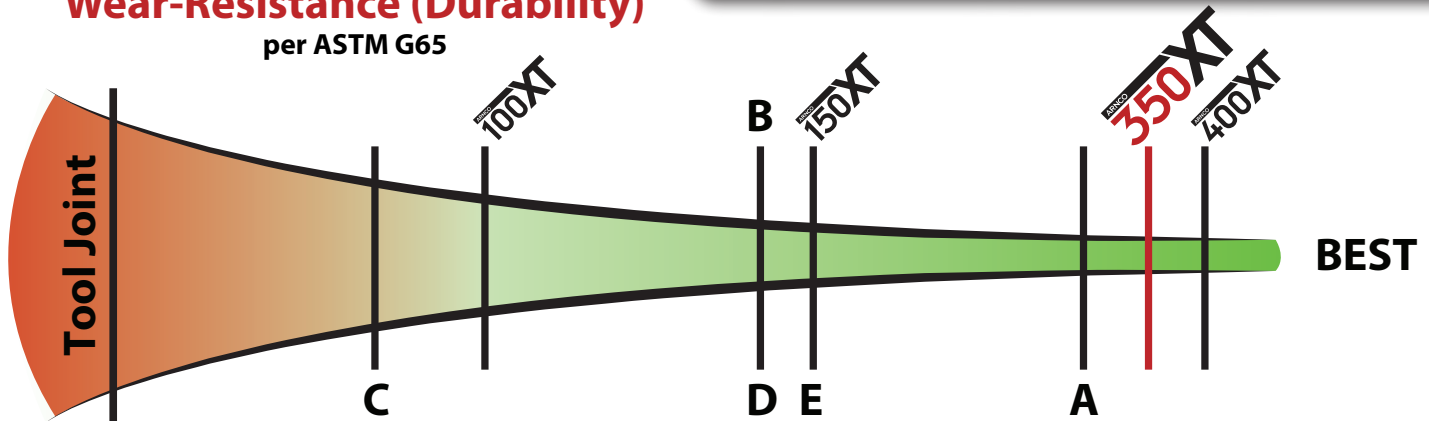

Simply put, **ARNCO 350XT** can be applied over nearly every other hardbanding. This was the key to its development, as the previous hardbanding is so rarely known. This versatility is matched with excellent durability and casing-friendliness. As Arnco's flagship alloy, **ARNCO 350XT** has proven to be the premium hardbanding alloy around the world.

Can be applied conventionally and with CMT.

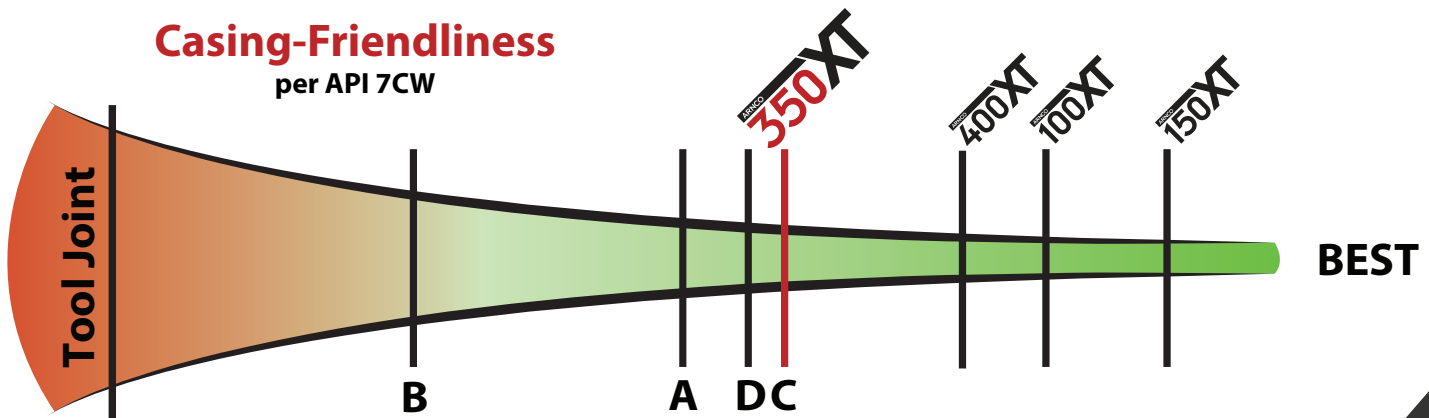

COMPATIBILITY	➤ <b>ARNCO 100XT</b>	➤ Duraband® NC	➤ OTW-13CF
	➤ <b>ARNCO 150XT</b>	➤ Tuffband® NC	➤ BoTn5000
	➤ <b>ARNCO 350XT</b>	➤ TCS-Titanium	➤ Guardian CF
	➤ <b>ARNCO 400XT</b>	➤ TCS-8000	
REVERSE COMPATIBILITY	➤ <b>ARNCO 100XT</b>	➤ Duraband® NC	➤ OTW-13CF
	➤ <b>ARNCO 150XT</b>	➤ Tuffband® NC	➤ BoTn5000
	➤ <b>ARNCO 350XT</b>	➤ TCS-8000	➤ Guardian CF
	➤ <b>ARNCO 400XT</b>		

## Wear-Resistance (Durability) per ASTM G65

## Casing-Friendliness per API 7CW

Note: All testing performed by qualified third-party laboratories
