

## Long-lasting, casing-friendly, price-competitive.

These three attributes summarize **400XT** perfectly. Designed to offer increased longevity without compromising quality, **400XT** has the best durability of market-leading alloys, and it is one of the most casing-friendly alloys available. How do we know? In a downhole, head-to-head trial, **400XT** lasted 35% longer than the leading competitor.

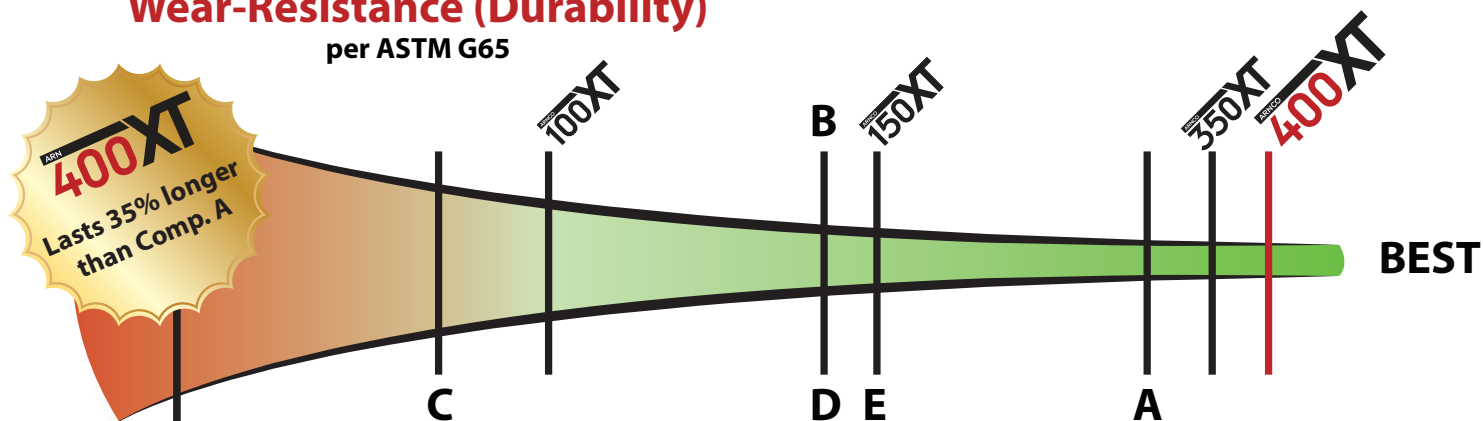

Can be applied conventionally and with CMT.

COMPATIBILITY	➤ <b>ARNCO 350XT</b>	➤ Tuffband®NC	➤ OTW-13CF
	➤ <b>ARNCO 400XT</b>	➤ TCS-Titanium	➤ BoTn5000
	➤ Duraband®NC	➤ TCS-8000	➤ Guardian CF
REVERSE COMPATIBILITY	➤ <b>ARNCO 350XT</b>	➤ Duraband®NC	➤ BoTn5000
	➤ <b>ARNCO 400XT</b>	➤ TCS-8000	➤ Guardian CF

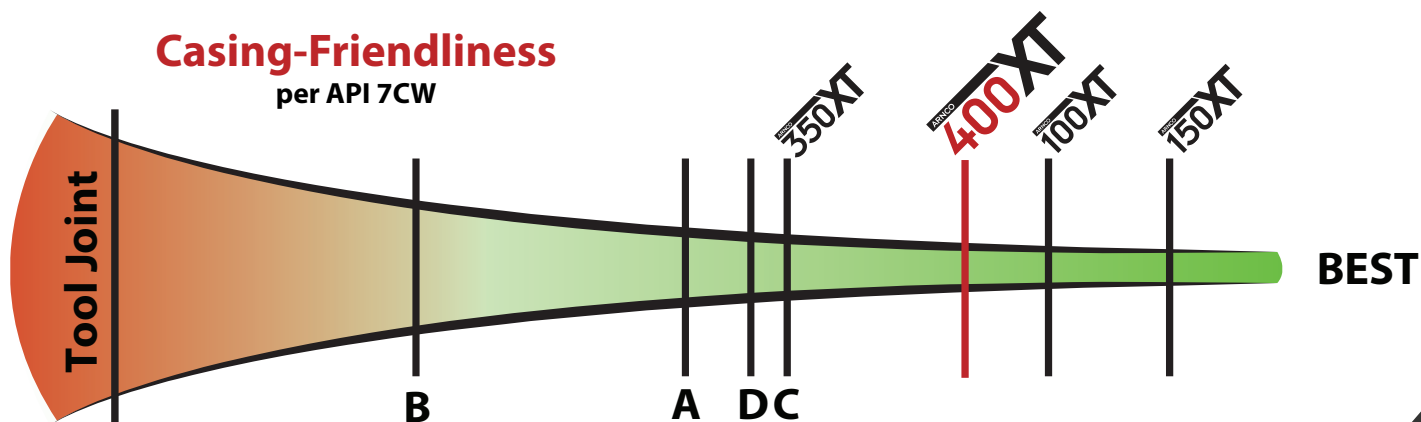

## Wear-Resistance (Durability)

per ASTM G65

## Casing-Friendliness

per API 7CW

Note: All testing performed by qualified third-party laboratories
