

HHB

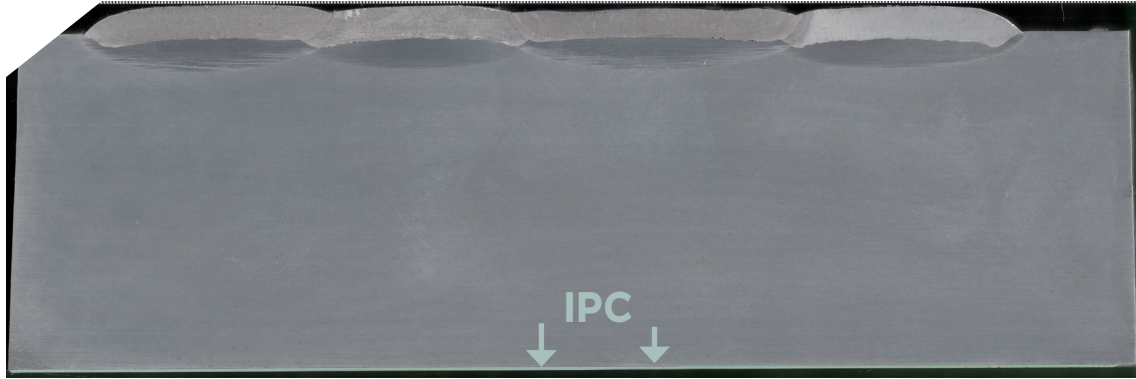

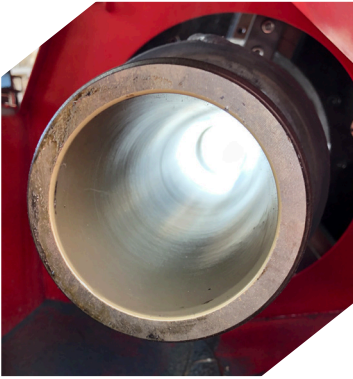

HEATLESS HARBANDING

ARNCO
500XT

- > Lasts **3X** as long as casing-friendly hardbanding
- > Suited for highly abrasive open-hole drilling
- > Contains tungsten carbide

ARNCO
350XT

- > **Tool Joints:** In addition to lasting longer, there is no damage to IPC due to shallow HAZ
- > **Workstring Tubing:** Increased thickness and wear-resistance → lasts **2X** as long
