

Long-lasting, casing-friendly, price-competitive.

These three attributes summarize **400XT** perfectly. Designed to offer increased longevity without compromising quality, **400XT** has the best durability of market-leading alloys, and it is one of the most casing-friendly alloys available. In independent, third-party, downhole testing, **400XT** delivered the longest service life of all Arnco hardbanding alloys.

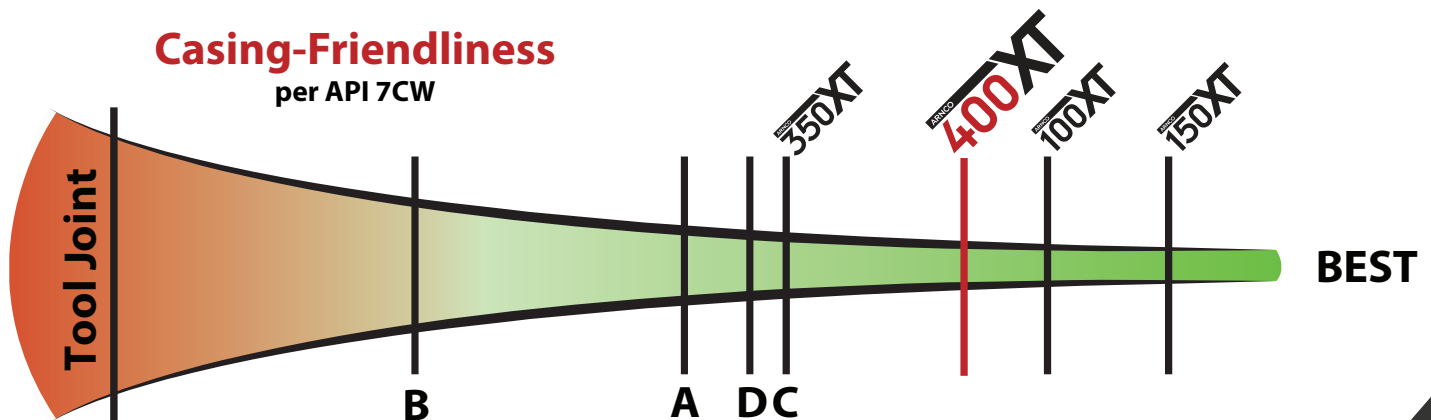

Can be applied conventionally and with CMT.

Wear-Resistance (Durability) per ASTM G65

Casing-Friendliness per API 7CW

Note: All testing performed by qualified third-party laboratories

COMPATIBILITY	➤ ARNCO 350XT	➤ Tuffband®NC	➤ OTW-13CF
	➤ ARNCO 400XT	➤ TCS-Titanium	➤ BoTn5000
	➤ Duraband®NC	➤ TCS-8000	➤ Guardian CF
REVERSE COMPATIBILITY	➤ ARNCO 350XT	➤ Duraband®NC	➤ BoTn5000
	➤ ARNCO 400XT	➤ TCS-8000	➤ Guardian CF
